Dear Sir,

On October 20, 1986, I sent you a letter stating that as of June 13, 1986, David Switzer, M.S. had taken on the duties of Director of Medical Physics at the Northern Rockies Cancer Center.

I should have included the fact that he will also be the Radiation Safety Officer as of that date.

I apologize for this oversight.

Sincerely,

A handwritten signature in cursive script that reads "Doug Carpenter/jg".
