Dear Mr. Carrington:

Transmitted herewith is the above subject report.

The report documents INEL's evaluation of the licensee/applicant actions
in response to NRC Generic Letter 83-28, Item 2.2.2--Vendor Interface
Programs for All Other Safety-Related Components. Based on the
licensee/applicant submittals, we conclude that the plant conforms to the
generic letter on this item. However, a formal interface with vendors of
major safety-related equipment needs to be established.

Very truly yours,

E. W. Roberts, Manager
NRC Headquarters Support
