RE: NUCLEAR LICENSE
#37-20819-01

Dear Dr. Glenn:

Following a telephone conversation with Sandy today, from your Washington office, I am sending this letter to request an amendment to the above NUCLEAR LICENSE, to include an OsteoAnalyzer Single Photon Absorptiometer, Model SPSHA110, Serial #00014.

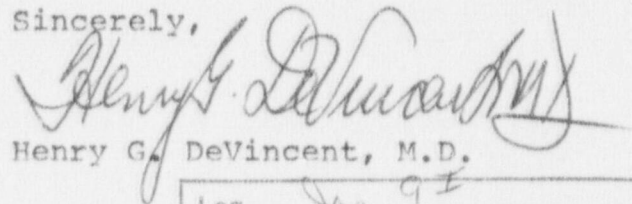

This is an I 125 sealed source, which we receive from AECL in Canada.

Enclosed please find my check #1162 in the amount of \$125.00, to cover this amendment fee.

If any further information is necessary, feel free to contact me at the above number.

Thank you in advance for your prompt attention to this matter.

Sincerely,

Henry G. DeVincent, M.D.
