FDR
PLC:
D. Messing

The Honorable Olympia Snowe
United States Senate
Washington, D.C. 20510

Dear Senator Snowe:

I am responding to your letter of August 4, 1997, concerning the decommissioning effort at Maine Yankee. I am pleased that your staff was able to meet on August 7, 1997, with the NRC staff members responsible for and expert in our decommissioning requirements and processes. As my staff indicated at that meeting, these same NRC officials will be pleased to provide additional briefings for you as soon as possible, and then for state and local officials at a mutually convenient time and place in Maine. My Congressional Affairs staff will continue to be in contact with your staff to schedule and coordinate such efforts.

The Commission agrees that the decommissioning effort at Maine Yankee should proceed with public health and safety the paramount concern. I will work closely with you to ensure that the NRC's role in the process is publicized and understood.

Sincerely,

Shirley Ann Jackson
