Reference: Asmussen, Keith E. Letter No. 38/67/696-3110 to Mr. Alexander Adams Jr., "Submittal of Revised Physical Protection Plan for General Atomics' Site," dated July 20, 1999

Dear Mr. Adams:

General Atomics (GA) recently submitted a copy of the latest revision to its "*Fixed Site and Transportation Plan for the Protection of Special Nuclear Material of Moderate and Low Strategic Significance*," dated July 1999 (Ref.). The changes primarily consisted of deletions which reflect the progress GA has made in its efforts to decommission facilities on its site.

GA concluded that the subject revisions did not decrease the effectiveness of the plan. The purpose of this letter is to document that the changes applicable to GA's two TRIGA® reactors have been made pursuant to 10 CFR 50.54.

If you have any questions regarding the above, please do not hesitate to contact me at (858) 455-2823.

Very truly yours,

Keith E. Asmussen, Ph.D., Director  
Licensing, Safety & Nuclear Compliance
