Mr. Steve Collings  
Crow Butte Resources, Inc.  
P.O. Box 169  
Crawford, NE 69339-0169

Dear Mr. Collings:

On June 7, 1996 the Nebraska Department of Environmental Quality received a proposal from Crow Butte Resources, Inc. for the design of a pump test to be performed at the Crow Butte Uranium facility.

This letter is to confirm that the proposed pump test design is adequate, and should generate beneficial data as long as the data collection is timed and performed properly.

The Department hereby approves the general design of the proposed pump test. Please notify Dave Carlson of the Department's staff when scheduling the date of the test so that he may coordinate his activities accordingly. If you have any questions please continue to contact Frank Mills at (402) 471-4982.

Sincerely,

Dennis Heitmann, Supervisor  
Ground Water Section  
Water Quality Division
