Docket No. 50-298

MEMORANDUM FOR: Docket File

FROM: W. O. Long, Project Manager
Project Directorate - IV
Division of Reactor Projects - III, IV
V and Special Projects

SUBJECT: LICENSEE RESPONSE TO GENERIC LETTER 87-06, TAC 64913

In Generic Letter 87-06 dated March 13, 1987 the staff requested licensees to provide information regarding periodic verification of leak-tight integrity of pressure isolation valves. TAC 64913 was opened to track the action for Cooper Nuclear Station.

On June 8, 1987 the licensee responded with the requested information. A copy of the response was provided to O. Rothberg on June 12, 1987. By telecon of June 17, 1987, Mr. Rothberg stated that 1) the response is satisfactory, 2) the information is for use relative to Generic Issue 105 CRGR studies, and 3) no immediate plant-specific technical review or licensing action is needed for Cooper. Accordingly, TAC 64913 is hereby considered completed.
