RE: Cambridge Laboratory Sampling Materials

Dear Ms. Vandegrift:

This letter will confirm our March 23, 1998 telephone conversation. Cyprus Foote is planning to return all laboratory sample materials taken during the Cambridge Investigation to the Shieldalloy Metallurgical site. You indicated that this action would be appropriate and asked that we notify the Ohio Department of Health prior to conducting the activity.

During the week of March 30, 1998, approximately 500 pounds of sample materials will be placed in one of the 200 roll-off boxes that are currently temporarily stored at the site.

If you have any questions, please feel free to call me at 303/643-5652.

Sincerely yours,

Patrick E. Lee  
Manager, Environmental Engineering
