Monthly Operating Report

Gentlemen:

Arkansas Nuclear One (ANO), Units 1 and 2 Technical Specifications 6.12.2.3 and 6.9.1.6, respectively, require the submittal of a Monthly Operating Report. The purpose of this letter is to complete the reporting requirement for February 1998.

During a review of the Monthly Operating Report for January 1998, (OCAN029805 dated February 16, 1998) two errors were identified. The cover page of the submittal incorrectly stated that the report covered the period of January 1997. Additionally, the Unit 1 Monthly Operating Summary has been revised to correct an omission of information which resulted in an incorrect statement regarding the date of reactor criticality. The corrections to this page are italicized and are included as Attachment 1 to this report.

Very truly yours,

Dwight C. Mims
Director, Nuclear Safety
