

MAR 04 1991

Cleveland Electric Illuminating
Company
ATTN: David D. Browning
Radiation Safety Officer
P.O. Box 5000
Cleveland, Ohio 44101

License No. 34-07043-04

Gentlemen:

This refers to the routine safety inspection conducted by Mr. D. R. Gibbons of this office on January 14-18, 1991 of activities authorized by NRC Byproduct Material License No. 34-07043-04 and to the discussion of our findings with you and Mr. Ronald Standish at the conclusion of the inspection.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, independent measurements and interviews with personnel. In addition, the inspection also included a review of allegations received by the NRC Region III office concerning your radiation safety program.

During this inspection, certain of your activities appear to be in violation of NRC requirements, as specified in the enclosed Notice. A written response is required.

The responses directed by this letter and the accompanying Notice are not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, PL 96-511.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

John A. Grobe, Chief
Nuclear Materials Safety Branch
