REGULATORY FILE

Mr. William T. Crow
Fuel Processing and Fabrication Branch
Division of Fuel Cycle and Material Safety
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. Crow:

In my letter of July 2, 1976, regarding the request for amendment to Source Material License SUA-1228 (Docket No. 40-8380), certain materials were noted to have been transmitted confidentially. Inadvertently, Drawing No. PL-1 of Appendix II-B was not included in the list of confidential material.

All justifications noted in my previous letter apply equally to the noted drawing. Please handle it appropriately by restricting its distribution only to those officials with a need to review the drawing.

Your cooperation is appreciated.

Sincerely,

EAL:sh
