NRC: CLEAN UP VERMONT YANKEE'S ACTI

The people demand responsible oversight from the Nuclear Regulatory Commission. NRC must:

- HALT VERMONT YANKEE'S RESTART until the corporation corrects all safety problems, retrains its work force, and demonstrates a commitment to follow the law. (The reactor is presently down for refueling).
- Enforce the Regulations! PUT VERMONT YANKEE ON THE NRC WATCH LIST because of systemic mismanagement and lack of compliance with its blueprints. No more smoke and mirrors.
- HOLD A HEARING IN THE EFFECTED COMMUNITY (SOUTHERN VERMONT/WESTERN MASSACHUSETTS AREA) provide information, and address citizen concerns about Vermont Yankee operations.
