Mr. Earl M. Pollock, President

125 Titus Avenue
Warrington, PA 18976

Dear Mr. Pollock,

This letter is in response to your correspondence dated February 12, 1998, and to my telephone conversation with Mr. T. W. Schwager, Radiation Safety Officer, on March 5, 1998, regarding Drawing Nos. 806851 and 806882 which were attached to your correspondence. Specifically, you have designated these drawings as containing proprietary information. Mr. Schwager and I clarified in our telephone conversation that the proprietary content of the drawings is not needed by NRC to process your application. Therefore, I am returning these drawings to you. Mr. Schwager indicated that he will replace them with drawings not containing proprietary information.

Upon receipt of your replacement drawings, we will proceed with the review of your application. If you have any questions, please contact me at (301) 415-7904 or Mr. Steven Baggett at (301)415-7273.

Sincerely,
