Gentlemen:

We wish to renew our Special Nuclear Material License No. SNM-1045 which expires on November 30, 1972.

The only change on the original license application is the Radiation Safety Officer. It should be changed from Dr. Patsy A. Zitelli to Dr. Jerry K. Eddy. The Commission was notified of this change in a letter to:

Mr. John E. Bower
Isotope Branch
Division of Material Licensing

dated June 10, 1969. Dr. Eddy's resume was attached.

Sincerely,

Jerry K. Eddy
