Honorable Shirley Jackson
Chairman
U.S. Nuclear Regulatory Commission
Washington, DC 20555

Dear Chairman Jackson:

This is to clear up some ambiguities in my June 19, 1997 letter.

In that letter, I mentioned that I had discussed your letter of May 19, 1997 with two attorneys and former Commissioner Gilinsky. I then said that with "their assistance, I am in the process of preparing a full response." Mr. Gilinsky has urged me to make clear that the assistance is being furnished by the attorneys. He has not committed or agreed to assist in further response.

I apologize for the confusion.

Very truly yours,

Robert A. Backus
