Lisle, IL 60532
Attn: Materials Licensing

Please amend License No. 21-26268-01 for Iron County Road Commission to change the storage location for our nuclear density gauge. The gauge had originally been housed in the basement of the equipment garage but is now housed in the northeast corner of the sign shop. Both sites are located at the same address, 712 Urban Avenue, Crystal Falls, MI 49927. I am enclosing a diagram of the area for your convenience.

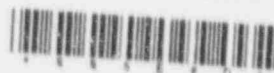

If you have any questions please contact me.

Sincerely

Darlene M. Anderson
