Dear Mr. Hall:

Enclosed for your information and use is a copy of the latest Engineering and Construction Group staffing assignments for the UMTRA Project. The addition of Russ Edge and Jody Garcia has precipitated a re-evaluation of the DOE's distribution of Site Manager responsibilities. The work has been spread over a greater number of personnel and will include site certification and licensing activities. These changes will become effective July 13, 1992.

Should you have any questions, please contact Clint Smythe of my staff at 845-5659.
