Dear Ms. Sepulveda:

This letter is in reference to your request for registration of a license with the U.S. Nuclear Regulatory Commission. I reviewed our files of all Puerto Rican certificates and was unable to locate one for you, therefore; I've enclosed a new form for your laboratory.

Please fill out Number 2 as appropriate and sign at the bottom. After you have completed that please mail back to me promptly for processing and I will then send back the original back to you for your files. If you have any questions or need further assistance, please feel free to contact me at (301) 415-8140.

Sincerely,
