RE: License Number SUA-616

Dear Mr. Shelley:

The attached license amendment deletes license condition #33 requiring your uranium mill to comply with the EPA 40 CFR 190 by December 1, 1980. If the Nuclear Regulatory Commission proposed rule requiring compliance with EPA 40 CFR 190 becomes final EID will be required to impose such requirements in New Mexico.

Sincerely,

Gerald W. Stewart, Program Manager
