RADIATION PROTECTION SECTION

February 3, 1976

G. Stanley Crout, Esq.
Bigbee, Carpenter & Crout
P. O. Box 669
Santa Fe, NM 87501

Dear Mr. Crout:

This letter acknowledges receipt on February 3, 1976 of two copies of the renewal application for a Radioactive Materials License for the United Nuclear-Homestake Partners Uranium Mill near Grants, New Mexico.

In accordance with 3-430.B. of the New Mexico Radiation Protection Regulations, the application is considered to be timely and the expiration date of former U. S. Atomic Energy Commission Source Material License Number SUA-708 is extended while your renewal application is being considered by the Agency.

Sincerely,

Alphonso A. Topp, Jr.
Environmental Scientist III
