Subject: Correction to Response to Notices of Violation Contained in
Inspection Report 50-461/96009-01

Dear Mr. Beach:

In "Response to Notices of Violation Contained in Inspection Report 50-461/96009 (IP letter U-602725, dated April 9, 1997), a statement was made in Attachment 1 that Illinois Power is currently in full compliance with regards to restoration from bus outages per CPS 3509.01C001, "Division 1 NSPS Bus Outage Restoration Checklist." As noted in NRC Notice of Violation 50-461/97019-03, the procedure had not yet been revised at the time of that submittal. Subsequently, the revised CPS procedure 3509.01C001 was issued for use on October 30, 1997. Illinois Power's response to Notice of Violation 50-461/97019-03 committed to correcting the response to NOV 50-461/96009-01. This letter satisfies that commitment.

If you have any questions regarding this matter, please contact Joe V. Sipek, Director - Licensing at (217) 935-8881 extension 3405.

Sincerely yours,

Walter G. MacFarland, IV
