Technical Specifications Change Request

Dear Jake,

On March 20, 1998, representatives of Westinghouse Electric Corporation provided the proprietary-approved version of WCAP-12945, "Code Qualification Document for Best Estimate LOCA Analysis," to the NRC Staff. Subsequently, we provided revised Technical Specifications Bases page 6-19a to you by overnight mail. The revised Unit 1 and Unit 2 pages reflect the issuance of WCAP-12945-P-A, Volume 1, Revision 2, and Volumes 2 through 5, Revision 1, "Code Qualification Document for Best Estimate LOCA Analysis," March 1998 (W. Proprietary) as an NRC-approved methodology reference document for the Core Operating Limits Report. The purpose of this letter is to document our overnight delivery. Copies of the overnight mail are attached.

Sincerely,

A handwritten signature in dark ink, appearing to read "Mark J. Ajluni".
