Regulatory Commitment Schedule Change

- References (a) Northeast Nuclear Energy Company letter B16949, "Response to Little Harbor Consultants," dated January 9, 1998  
(b) Northeast Nuclear Energy Company letter B17087, "Response to Little Harbor Consultants," dated February 27, 1998  
(c) J. W. Beck letter to Michael H. Brothers, "Review of ECP Files Addressing 10 CFR 50.7 Issues," dated December 10, 1997

The purpose of this letter is to revise the schedule for completion of a previous regulatory commitment. In References (a) and (b), Northeast Nuclear Energy Company (NNECO) provided responses to the Little Harbor Consultants, Inc. recommendations noted in Reference (c). In response to recommendation 1 of Reference (a), we committed (B16949-1) to: "Review and reinvestigate ECP Files 142, 262, and 313 and resolve any deficiencies by February 27, 1998." In Reference (b), we revised the completion date for portion of the B16949-1 commitment to May 1, 1998 (review of ECP Files 142 and 262). The review of ECP File 313 and correction of deficiencies were completed on December 22, 1997, as stated in Reference (b).

The scheduled completion date for review of ECP File 142 is revised from May 1, 1998 to July 1, 1998. This schedule change is necessary because ECP is now reviewing the issues with the Concerned Individual who has just come back from medical leave. The review of ECP File 262 was completed on April 27, 1998 and did not identify any deficiencies which required further action or investigation.
