## General Comment

Thank you for the opportunity to comment.

Friends, it is hardly a surprise that the Michigan county official that repeatedly used the n-word is a Republican. Under President Trump the Republican party has become the White Grievance Party. For example on twitter Trump recently warned "Suburban housewives" that Democrats will bring "who knows into your suburbs, so your communities will be unsafe and your housing values will go down." This follows his long history of racist remarks, such telling elected women of color that they need to "go back" to where they came from.

Please vote these ignorant, hateful racists out of office.
