Subject: Change of Control RAI; ensure no PII in document; inquire approx date of sale; and pending license amendment to remove Superior Surface Mine storage location from the license.

Discussion: I asked Ms. Brumley, counsel representing Rum Creek Coal Sales, Inc. (“Rum Creek”), to confirm that there is no personally identifiable information (PII) in the document, so that I can post the document to the NRC public website per our procedures, and if there is an approximate date of sale. Ms. Brumley confirmed that the entire document is publicly available and there is no date of sale. Contura Energy, Inc., the parent company of Rum Creek, will await the NRC’s consent prior to closing the transaction.

As part of the conversation regarding the change of control, Ms. Brumley offered that Lexington plans to dispose of the devices at the Superior Surface Mine (storage location) tomorrow, August 12th. She also mentioned that Lexington Coal intends to submit an amendment to remove the Superior Surface Mine as a storage location from the license. I informed her that we will need, at a minimum NRC Form 314 along with the amendment, the location where they will send (have sent) the devices for disposal, and any leak testing results.

Action Required: Place Change of Control Notification on NRC website. Inform BC of pending amendment.
