Dear Sir:

In Reference 1, the Authority submitted temporary changes to the James A. Fitzpatrick Nuclear Power Plant Security Plan that are in effect while construction work is in progress. These changes were approved in Reference 2.

The schedule which was included in Reference 1 now requires updating. Based on the current completion dates for the Training and Simulator Building and the Sewage Treatment Plant and Sanitary Sewer System, the temporary addendum to the Security Plan will be in effect until November 1988. Upon completion of these projects, permanent changes to the Security Plan will be submitted.

Should you or your staff have any questions regarding this matter, please contact Mr. J. A. Gray, Jr. of my staff.

Very truly yours,
