Docket No. 50-205

Mr. Thomas B. Nolan  
Director  
Geological Survey  
Department of the Interior  
Washington 25, D. C.

Dear Mr. Nolan:

Transmitted herewith for your use is a copy of Amendment No. 8, dated July 20, 1964, to the application from the Pacific Gas & Electric Company to construct a power reactor at Bodega Head. This Amendment has been filed in answer to my letters to PG&E dated May 19, 1964 and July 8, 1964.

An ACRS meeting to discuss this amendment has been scheduled for August 24, 1964. I anticipate that, prior to that meeting, it would be necessary for all of the Regulatory Staff consultants to meet and discuss the information presented in some detail. I plan to call you in the near future to set up such a meeting.

Sincerely yours,
