

Dear Mr Case

Thank you so much for your concern + inquiries at the University as to my beloved husband's illness + death.

His body was taken to his home town Baltimore Maryland + interred in the family plot.

I am finding a sort of comfort in a dreary world in the great number of sympathy letters especially those from people like yourself who appreciated Ivan's brilliant mind + his sterling character.

It is a heartening thing to have loved + been loved for 33 years by a man of his stature.

Thanking you again for your sympathy + consideration,
Sincerely Pearl + Pearl Marie.
