

GEORGE E. O'CONNELL
Deputy Commissioner of Labor

STATE OF NEW YORK
DEPARTMENT OF LABOR
STATE OFFICE BUILDING CAMPUS
ALBANY, N.Y. 12240

Handwritten notes:
SP#1

June 22, 1987

Mr. Carlton Kammerer, Director
State, Local and Indian Tribes Program
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Kammerer:

Mr. John Hudacs, Executive Deputy Commissioner of Labor has referred your letter of May 26, 1987 to me for appropriate action. He would like to thank you and your staff for the time and effort which they put in the review of our Radiological Health Program.

We are pleased to note that our Radiological Health Program continues to be adequate to protect the public health and safety and compatible with the Commission's Program. Our Department has committed and will continue to commit the resources to ensure that the Program meets our mutual radiation protection goals and objective. Just recently two additional personal computers have been installed in the Radiological Health Unit to ensure that the management tracking system in both licensing and inspection is upgraded to present day standards.

Dr. F. J. Bradley, Chief of the Radiological Health Unit, will respond to your staff directly on the specific technical comments which were raised during your 1987 Audit. We will keep in close touch with Dr. Bradley, to ensure that enhanced computer ability and new radiophysicists will permit the Unit to remove the deficiencies which you noted.

We would like to thank you and your staff, especially J. McGrath, for the efforts which they expended on our behalf to reach our mutual goals in worker radiation protection.

Sincerely,

Handwritten signature of George E. O'Connell

Dr. George E. O'Connell
Deputy Commissioner of Labor
for Worker Protection
