Houston Lighting & Power Company
ATTN: J. H. Goldberg, Group Vice
President, Nuclear
P. O. Box 1700
Houston, Texas 77001

Gentlemen:

This refers to the inspection conducted by Messrs. R. E. Baer and H. L. Scott of this office during the period June 8-12, 1987, of activities authorized by NRC Construction Permits CPPR-128 and CPPR-129 for the South Texas Project, Units 1 and 2, and to the discussion of our findings with Mr. W. H. Kinsey and other members of your staff at the conclusion of the inspection.

Areas examined during the inspection included organization and management controls, training and qualifications, solid radioactive waste, liquid radioactive waste, and gaseous radioactive waste. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the NRC inspectors. The inspection findings are documented in the enclosed inspection report.

Within the scope of the inspection, no violations or deviations were identified.

We have also examined actions you have taken with regard to previously identified inspection findings. The status of these items is identified in paragraph 3 of the enclosed report.

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

R. E. Hall for

J. E. Gagliardo, Chief
Reactor Projects Branch
