Docket No. 50-254

1972 OCT 17 AM 11 22

U.S. ATOMIC ENERGY COMM.
ADVISORY COMMITTEE ON
REACTOR SAFEGUARDS

Dr. Chester P. Siess
Chairman, Advisory Committee
on Reactor Safeguards
U. S. Atomic Energy Commission
Washington, D. C. 20545

Dear Dr. Siess:

Sixteen (16) copies of the following are transmitted for the Committee's
information:

Letter from Commonwealth Edison Company dated October 3,
1972, reporting a condition in which three of the Quad-Cities
Unit 1 suppression chamber to drywell vacuum breakers were
found to have an incorrect position indication.

Sincerely,

Donald J. Skovholt
Donald J. Skovholt
Assistant Director
for Operating Reactors
Directorate of Licensing
