Perry Nuclear Power Plant
Docket Nos. 50-440, 50-441
Organizational Information

Gentlemen:

This letter is to advise that The Cleveland Electric Illuminating Company (CEI) has made two administrative changes to the nomenclature within its organizational structure.

Effective December 1, 1987 all present CEI General Supervisors and General Supervising Engineers are referred to as Managers. Also, all present CEI department Managers are referred to as Directors, with the exception of Managers of operating departments, who are referred to as General Managers.

These changes are purely title changes, administrative in nature, and in no way affect the structuring of any department or section. These title changes will be included in a future revision to the organizational charts contained in the Perry Technical Specifications.

If you have any questions, please feel free to call me.

Very truly yours,

Al Kaplan
Vice President
Nuclear Group
