Docket # 50-205

Mr. Robert Lowenstein
Assistant Director of Regulation
U.S. Atomic Energy Commission
Washington 25, D.C.

Dear Mr. Lowenstein:

In the AEC's publication, "Licensing of Power Reactors," a procedure is described involving meetings between the staff of the Applicant and the staffs of the Division of Licensing and Regulation and the Advisory Committee on Reactor Safeguards.

Mr. William Quaide, formerly a consultant for the Pacific Gas and Electric Company, has mentioned attending several such meetings on the proposed Bodega Bay Atomic Park; but he had not attended all of them.

In the interests of accuracy, we would very much appreciate receiving a log of all such meetings to date, listing time and place, with respect to the proposed Bodega Bay Atomic Park.

Sincerely,

David E. Pesonen
Executive Secretary
