Docket No. 50-348
Docket No. 50-364

U. S. Nuclear Regulatory Commission
Document Control Desk
Washington, DC 20555

Enclosed are controlled copy numbers 001, 004, 005 and 006 of Revision 13 to the Joseph M. Farley Nuclear Plant Security Plan.

This revision makes changes to address 10CFR73.57 and some other organizational changes. Revision 12 was submitted in response to the Miscellaneous Amendments and Search Requirements and is still under review by the Nuclear Regulatory Commission. These changes have been issued as Revision 13 and appropriate pages in your copies of our security plan should be replaced with these revised pages. Controlled copy numbers 007 and 009 are enclosed with the Region II copy of this letter.

These changes have been made under the provisions of 10CFR50.54(p) and this submittal constitutes the required report.

Yours very truly,

R. P. McDonald
