Admiral H. A. Karo, Director
U. S. Coast and Geodetic Survey
Department of Commerce
Washington 25, D. C.

Dear Admiral Karo:

Now that the Bodega Head, California, reactor case is ended, I want to thank you for the fine cooperation and the high caliber of professional assistance which we received from Mr. Leonard Murphy and other members of your staff. They were extremely helpful to us in the handling of the difficult problem which the case presented.

I should also say that we are continuing to get the same kind of competent and objective professional assistance from the Survey on the other cases that are pending.

Sincerely,

(signed) Harold L. Price
