50-205

Re: Gentlemen:

I strongly urge you to reject Pacific
Power & Electric's bid to establish an Atomic
Center in the Pajaro River, Santa Cruz
County, California.

With the San Francisco Bay Area
expected to greatly increase in Population over the
next 10 years such an unspoiled spot no more
50 miles from San Francisco could have a
Magnificent State or Federal Park (like Jones
Beach in New York State)

Power is certainly important for California
but not at the price of destroying this truly great
Beauty Spot... Certainly the best interest of the Little
people would be served by saving Pajaro River
for the full use & enjoyment of the 8 to 10 million
people who will soon be living an hour or two
from Pajaro River

Very truly,
Shepard Bevee Drogan
