April 20, 1964

Dr. Glenn T. Seaborg, Chairman
Atomic Energy Commission
Washington, D.C.

Dear Dr. Seaborg:

Enclosed are copies of correspondence which I have recently received from my constituents regarding the proposed P.C. SE. plant at Bodega Bay.

I was sure you would find these comments useful in reviewing this matter and would like to have them for your files.

With kindest regards,

Sincerely,

Don H. Clausen
