A. Giambusso, Assistant Director for
Project Management, Division of Reactor
Development and Technology

FACILITY LICENSE APPLICATION BY LONG ISLAND LIGHTING COMPANY,
DOCKET NO. 50-322

The Long Island Lighting Company has filed an application for
licenses to construct and operate a boiling water nuclear reactor,
designated as the Shoreham Nuclear Power Station, at its 450-acre
site on the north shore of Long Island in the town of Brookhaven
in Suffolk County, New York.

Copies of Volumes I, II, III and IV of the Preliminary Safety
Analysis Report for the proposed reactor are enclosed. Please
review the report and provide Mr. C. A. Lovejoy, Office of the
Controller, with your comments as to the reasonableness of the
estimated fuel requirements for a reactor of this design and
power level. Please provide us with a copy of your comments.
