

Docket N. 50-205

Mr. Gene A. Blanc  
Coordinator  
Office of Atomic Energy Development  
and Radiation Protection  
Room 1035, State Capitol  
Sacramento 14, California

Dear Mr. Blanc:

Enclosed herewith for your information is a copy of Report TEI-837 from the United States Department of the Interior, Geological Survey, dated September 1963 and entitled "Geologic and Seismic Investigations of a Proposed Nuclear Power Plant Site on Bodega Head, Sonoma County, California" - Part I--Geologic Investigations by Julius Schlocker, Manuel Bonilla and Alfred Cletch, Jr. - Part II--Seismic Hazards Evaluations by Jerry P. Eaton.

Sincerely yours,

*E. G. Case*  
Edson G. Case, Assistant Director  
Facilities Licensing  
Division of Licensing & Regulation

Enclosure:
