Order

By a petition dated August 29, 1970, the County of Suffolk, State of New York, pursuant to Section 2.714 of the Rules of Practice of the Atomic Energy Commission, seeks to intervene in this matter.

In the Notice of Hearing in this matter, March 10, 1970 was set as the latest date for the filing of such a petition. Since that time, three pre-hearing conferences have been held, numerous motions made and ruled upon, and several depositions taken. The matter has been set for hearing and then postponed on two occasions, it now being set for hearing on September 21, 1970.

Section 2.714 (a), Rules of Practice of the Atomic Energy Commission provides, in part:

" . . . A petition for leave to intervene which is not timely filed will be dismissed unless the petitioner shows good cause for failure to file it on time."

No such cause is expressed in the petition. The petition is therefore dismissed.

Should petitioner desire to make a limited appearance in the matter, pursuant to Section 2.715, Rules of Practice of the Atomic Energy Commission, it will be permitted to do so.
