New License Request
Control No.: 82392
Ref. Lic. Nos.: 24-12882-02
24-21311-01
24-12212-01

Gentlemen:

We have reviewed the October 29, 1986 letter from Armstrong, Teasdale, Kramer and Vaughn requesting that License Nos. 24-21311-01 and 24-12212-01 issued to Homestake Lead and License No. 24-12882-01 issued to St. Joe Minerals Corporation be merged into one license issued to the Doe Run Company.

Since there are three different licenses covering plants in Viburnum, Missouri and Bunker, Missouri and various gauges from different manufacturers, we will require a new application, in entirety, describing the program to be licensed under the Doe Run Company.

We will need a listing of all gauges possessed, the physical location of each gauge, the names of the persons who will be using the gauges and who will act as Radiation Safety Officer for the program.

Enclosed is a 313 application form and a Guide to help you prepare your application. If you have any questions or require clarification on any of the information stated above, you may contact us at (312) 790-5625.

We will continue our review of your application upon receipt of this information. Please reply in duplicate, within 30 days, and refer to Control Number 82392.

Sincerely,

Ladies and Gentlemen:

We serve as local counsel for Homestake Lead Company of Missouri. This letter will serve as notice to you that, pursuant to a Partnership Agreement effective November 1, 1986, License No. 24-12212-01, which expires on 4/30/90, and License No. 24-21311-01, which expires on 7/31/88, belonging to Homestake Lead Company of Missouri will be assigned to The Doe Run Company, a Missouri general partnership with Homestake Lead Company of Missouri and St. Joe Minerals Corporation as its Partners. Homestake hereby requests that the above-mentioned licenses be transferred from its name to that of The Doe Run Company. All future correspondence should be sent to the following address:

The Doe Run Company
7733 Forsyth, Suite 500
Clayton, Missouri 63105

Sincerely,

Daniel J. Godar
