MEMORANDUM FOR: E. L. Jordan, Director, Office of Analysis and Evaluation
of Operational Data

FROM: A. Bert Davis, Regional Administrator, Region III

SUBJECT: ABNORMAL OCCURRENCE REPORT TO CONGRESS FOR
FOURTH QUARTER CY 1986

We have reviewed the subject report. We discussed AO 86-23 with the OI field office director since this case is under investigation by OI. He believes the section on Page 15 should be changed to avoid prejudicing his case. Attachment 1 to the memorandum provides a substitute statement for the Cause or Causes section. This substitute statement was provided to Mr. Paul Bobe of your staff by C. J. Paperiello on June 17, 1987. It has the concurrence of the Region III OI field office. Since OI does not appear on the distribution of this draft report we intend to ensure all Region III cases are reviewed by the OI field office in the future.

The AO Coordinator for Region III will continue to be Jan Strasma (FTS 388-5674). The AO Backup Coordinator will be Russel Marabito (FTS 388-5667). Both are in the Region III Office of Public Affairs.

"CAUSE OR CAUSES," PAGE 15,
ABNORMAL/OCCURRENCE REPORT TO CONGRESS FOR FOURTH QUARTER CY 1986

Cause or Causes - The root cause appears to be attributed to deficient management/procedural controls. However, the event remains under investigation by the NRC Office of Investigations and a complete understanding of all contributing causes awaits its report.
