SUBJ: RENEWAL OF HONEYWELL MANUFACTURING LICENSE 22-19422-01

Gentlemen:

Enclosed in duplicate is Honeywell's application to renew the above referenced manufacturing license.

The subject license authorizes manufacture of a sealed-source gamma densitometer. The densitometer is part of the Fuel Quantity Indicator System sold to Boeing Commercial Airplane Company by Honeywell for use on 757/767 aircraft.

The documents enclosed with this letter are:

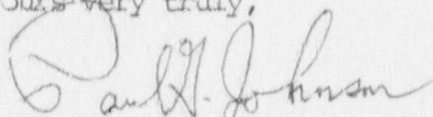

- NRC Form 313 with Supplements to Items 5, 6, 8, 9, 10, and 11.
- The renewal fee in the amount of \$460.00 for Category 3B By-product License.

To update the NRC 313 form, some administrative (not technical) changes have been made.

If further information is desired, please contact the undersigned or:
