Re: Special Nuclear Material Import License No. ISNM 81015

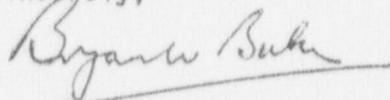

Dear Mr. Peterson:

I am writing on behalf of Amersham Corporation to request renewal of the above license which presently has an expiration date of September 1, 1987.

I had originally been advised to send the application to U.S. NRC Region III, Materials Licensing, and had written them on July 20, 1987, requesting the renewal, but it appears the letter went astray. Region III are now advising me to address my request for the license renewal to your attention.

Do not hesitate to contact me should you have any questions concerning the license renewal. I may be reached by phone at (312)593-6300, extension 379.

Sincerely,

Bryan W. Baker, Ph.D.  
Manager, Environmental and  
Safety Regulatory Affairs
