Dear Ms Wright,

I enclose for your kind attention an export license application on behalf of Empresa Nacional del Uranio, S.A. (ENUSA) in Madrid, Spain.

The material in question will be exported from the Department of Energy facility in Oak Ridge as enriched UF₆, to either BNFL in the United Kingdom or FBFC in France, for fabrication into fuel for the Almaraz commercial power reactor.

Please contact me if you require any additional information.

Sincerely,
