RE: Amendment to License No. 21-0317-01

Dear Sir:

Please amend our NRC license to include:

1. Additional authorized users:

- a. Charles Paul Williams, M.D. for Groups I, II, III, Xe-133 and I-131 for hyperthyroidism and thyroid carcinoma.
- b. Daniel P. Dall'Olmo, M.D. for Groups I, II, III, Xe-133 and I-131 for hyperthyroidism and thyroid carcinoma.

2. Change in the Radiation Safety Officer:

Designate Ladislaus T. Kosnik, Ph.D. as Radiation Safety Officer. *LK*

3. Add radioactive material listed under 6b, so that the calibration of survey instruments or to check other radiation detecting instrumentation by or under the supervision of L. T. Kosnik, Ph.D. Calibration of survey instrument will be performed according to the procedure published in Appendix B to Regulatory Guide 10.8 Revision 2.

Please find enclosed Form NRC-131M, supplements A & B for the new users and supplement A for the change in R.S.O. Also enclosed, is a check of \$120.00 for the amendment fee.

If additional information is needed, please do not hesitate to contact me.

Sincerely,

*L. T. Kosnik*

L. T. Kosnik, Ph.D.  
Radiological Physicist  
(616) 922-9400

*License fee information  
on 7.3 of application.*
