Dear Mr. Madera:

We have reviewed the letter of December 3, 1986, and supplemental information provided to us by Robert C. Freeman, Radiation Safety Officer, for Monsanto Agricultural Company regarding that company's request for Amendment #26 to NRC license #24-01113-03, docket #030-0569.

With reference to condition 24 of the amendment, which we were asked to address, we concur with the U.S. Nuclear Regulatory Commission's action in granting the amendment.

Sincerely,

Kenneth V. Miller
Chief
Bureau of Radiological Health
