

APPENDIX A

NOTICE OF VIOLATION

Non-Destructive Testing Corporation  
Manville, New Jersey 08835

License No. 29-19742-01  
Docket No. 030-19179

As a result of the inspection conducted on February 7, 1989, and in accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," 10 CFR Part 2, Appendix C (Enforcement Policy) (1988), the following violation was identified:

10 CFR 20.101(a) limits the whole body radiation dose of an individual in a restricted area to one and one quarter rems per calendar quarter, except as provided by 10 CFR 20.101(b). Paragraph (b) allows a whole body radiation dose of three rems per calendar quarter provided specified conditions are met.

Contrary to the above, an individual working in the restricted area of a field radiography site received a whole body radiation dose of 2.261 rems during the fourth calendar quarter of 1988 and the conditions of paragraph (b) were not met.

This is a Severity Level IV violation. (Supplement IV)

Pursuant to the provisions of 10 CFR 2.201, Non-Destructive Testing Corporation is hereby required to submit to this office within thirty days of the date of the letter which transmitted this Notice, a written statement or explanation in reply, including: (1) the corrective steps which have been taken and the results achieved; (2) corrective steps which will be taken to avoid further violations; and (3) the date when full compliance will be achieved. Where good cause is shown, consideration will be given to extending this response time.
