MAR - 9 1989

Dear Mr. Kussmaul:

As I indicated in the telecopied letter (copy attached) dated March 3, 1989, I had not known, and did not until a few days ago learn, of your invitation to submit an "extended and updated version" of the paper I presented at the 16th Water Reactor Safety Information Meeting (because I never received your earlier letter dated December 22, 1988). Because your February 28, 1989, telefax implies that there still may be time to meet the publishing deadline, I am herewith enclosing a copy of the original paper. I regret any inconvenience this may cause you.

Thank you very much for your kind consideration.

Sincerely,
