MEMORANDUM FOR: LFMB Inspection File for
Cory Labs License 21-18859-01

FROM: Reba M. Diggs
Facilities Program Coordinator
License Fee Management Branch, ARM/DAF

By Order of Revocation of License dated September 2, 1987, License No. 21-18859-01, held by Cory Labs of Menominee, Michigan, was revoked. This license was revoked because Cory Labs failed to pay a \$530 inspection fee billed by Invoice No. 0930W on April 18, 1986. By letter dated August 27, 1986, Cory Labs paid only \$125 because they felt that this was the proper cost for the inspection.

Our September 2, 1987 Order stated that Cory Labs owed a remaining fee of \$405 plus interest and penalty charges of \$92.43 through September 4, 1987 for a total of \$497.43. With the attached letter dated December, 1987 (received approximately December 18, 1987 in DAF), Cory Labs remitted \$497.43 and stated "we enclose a \$497.43 check balance due for renewal." Cory Labs requested that we return their \$125 plus "interest penalty" if this was not acceptable and requested us to advise them of any other possibilities which they might find acceptable.

On approximately January 21, 1988, Darrell Wiedeman of Region III informed Cory Labs that if they wanted to continue the previously licensed activities, they need to apply for a new license and pay the \$230 for the category 3P license. On January 22, 1988, Region III received a check from Cory Labs for \$235 and application for a new license to replace revoked License No. 21-18859-01. LFMB received the application and check on January 28, 1988, and informed RIII that they could process the application and mail the new license. Control No. 384760 was assigned to the new application.

Based on the actions in the immediately above paragraph, it is not necessary for LFMB to respond to Cory Labs' letter of December 1987; we consider the fee issue for Invoice 0930W a closed matter. The \$5 overpayment will be refunded to Cory Labs.
